Lecturer, Aeromedical Retrieval

This is a part time, fixed term appointment to May 2021 (\$94,056 - \$110,981) based at JCU in Townsville

- Flexible work hours – 18.125 hours per week
- 12-month fixed term contract to May 2021
- Opportunity to make a real difference.

What you can accomplish in the role

This unique position will see you coordinate and teach into subjects in the area of aeromedical retrieval. The course is designed particularly for doctors, nurses and paramedics involved in the emergency transport of patients by fixed-wing aircraft and helicopters providing them with the knowledge and skills to manage aeromedical retrieval in domestic and international situations.

What you will bring to the role

With a background in aeromedical retrieval and/or critical care you will have a passion and dedication for excellence in teaching with a desire to “make a difference”. As a registered health professional, you will have the capacity to work cooperatively with a diverse range of stakeholders in a multi-disciplinary and geographically dispersed team.

Why JCU

Consistently ranked in the top 2% of universities worldwide, JCU is one of the world’s leading institutions focusing on the tropics and offers a culturally diverse working environment with opportunities for professional and personal growth. JCU prides itself on being dedicated to teaching, learning and research that is not only high quality, but also delivers practical benefits to the peoples and industries of the region.

We support our people through the provision of:

- generous superannuation scheme with 17% employer contributions
- ongoing professional and career development
- five weeks’ annual recreation leave
- attractive options for salary packaging
